## Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## NOTICE TO NEW BIDDERS

### Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

YOU WILL WANT A PRICE LIST OF THIS SALE  
TO KNOW WHAT COINS ARE BRINGING

**PRICE LIST OF SALE \$1.00**

# IS THIS YOUR FIRST AUCTION CATALOG?

16th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG

USED IN CATALOGING THIS SALE

**Gold, silver, small cents, types, commems (gold & silver), and scarce currency,** seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING**

**SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

# YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over two hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

**249. 1864-1873 COMPLETE SET** (both 1864's but one 1873) a nice set which on first glance appears to be uncirculated and proof but close examination shows some friction on a few. There were several sets at the Milwaukee Central States convention in May priced from about \$900 to \$1000.00. What this attractive appearing set will bring must be determined by you, the bidder.

## BUFFALO NICKELS SET

338.	1913-1938 COMPLETE SET mounted in plastic, includes 1918 OVER 17-D (nearly uncirculated) and 1937-D Three Leg, a beautiful matched set ranging from brilliant to bluish golden Uncirculated with a few nearly Uncirculated (set appears uncirculated at first glance but careful examination shows some have been cleaned and now acquired a natural toning). Have seen the 1918/17-D alone advertised at \$2750. This set should bring around \$5500.00. One of the most popular series and rising rapidly in value. If past performance is any criterion, this set should again double in value in the relatively near future.

## 1836 GOBRECHT FLYING EAGLE DOLLAR

433. 1836 Seated Liberty **WITHOUT DRAPERY** from elbow and "C. Gobrecht" on base, starless obverse but 26 stars on reverse for states, plain edge. Variety with **INVERTED REVERSE**. **ONLY 600 ISSUED** compared to 1000 of the regular 1836 variety. **PROOF** that appears to have been cleaned years ago and now has acquired a pleasing bluish color. We note one of the 1000 issue variety advertised in February by a leading Chicago dealer at \$1500.00; surely this **MUCH** rarer variety should bring more a half year later.

## SEATED LIBERTY WITHOUT MOTTO DOLLARS

434. 1840 **DRAPERY ADDED TO ELBOW, DIF. REVERSE, ORIGINAL PROOF** with bluish color (does not have "square edge" of restrike proofs). While not quite the equal of the last proof of this date we handled, it is still a rather nice coin. Should bring somewhere close to the other one we handled valued at ..... \$1500.00

With the rapid advance in values since then, that specimen would surely now bring at least \$3500 and this one should bring a proportionate price.

## TRADE DOLLARS

Coined for use in the Orient, they soon outlived their usefulness and were discontinued after a few years. THEY CONTAINED MORE SILVER THAN THE REGULAR U. S. DOLLAR. The great majority were either melted for their silver, or returned to the treasury for redemption and melting. Many are much scarcer than the mint figures indicate. With the increase in collectors, this series should have a good potential for a rise in values in the relatively near future.

586.	1849 OPEN WREATH (Only Year) Large Bust without "L" on truncation of bust (similar to 1864 without and with "L" cent) acquired as a PROOF. It does have many of the characteristics of a proof and probably was a "presentation piece" (the dividing line between full proofs and presentation pieces issued prior to 1858 is rather narrow with many having the characteristics of both). Have seen similar pieces sell over .....	500.00
587.	1849 OPEN WREATH, Large Bust with "L" added on truncation of bust (for Longacre the designer of the coin—he also designed the Indian cent). 595. 1850-C BRILLIANT WITH PROOFLIKE SURFACE. A REMARK-

MOST UNUSUAL SPECIMEN SHOULD BRING AT LEAST .....\$1500.00

596. 1850-D A choice nearly Uncirculated specimen of this RARE DATE.  
We note an "XF" one advertised in June 1 Coin World at \$395;  
surely this superior one worth ..... 450.00

597. 1851 Purchased as a PROOF, however it may be a "presentation  
piece." It has a lovely Proof surface and many of the characteristics  
of a full proof (proofs prior to 1858 were not made for sale to collec-  
tors but were made on special order. Some resemble the later proofs  
in appearance and some resemble them in only some of the aspects.  
We prefer the term "presentation piece" as that is the purpose for  
which the majority were intended). We can trace the history of this  
piece back to 1957 when it changed hands then at \$375. We note a  
West Coast dealer has an 1856 proof for sale at about five times  
this amount. It is difficult to value this specimen but it should surely  
bring at least double its 1957 value or at least ..... 750.00

598. 1851-C Nearly Uncirculated with much luster. Superior to the last  
one at \$200.00; should certainly be worth at least \$225. We note an

616. 1856 Slanting 5, appears to be a PROOF (for which it was acquired) at first glance but since it has been cleaned, we cannot be positive. We note a proof presently being offered by a West Coast dealer at around \$2,000.00. Of course, this specimen not worth as much as that one.
617. 1857-C Nearly Uncirculated, SHARPLY STRUCK (95% we have seen of this date come "crudely" struck.) VERY RARE, SO CHOICE. We note an ordinary strike "VF" one advertised in June 1 Coin World at \$295; surely this much superior specimen should be worth at least .. 450.00

622. 1859-D Re-Engraved UNITED STATES OF AMERICA, nearly Uncirculated SHARPLY STRUCK. VERY RARE. Acquired about a year ago at \$500; we note an "AU" one advertised in June 1 Coin World at \$595. Early this year a specimen was offered by a West Coast dealer at \$575. We haven't seen those specimens but doubt if they are as sharply struck as this one. By the time this sale takes place, we believe the market for such a choice specimen will be closer to .....\$ 750.00

624. 1860 BRILLIANT FLAWLESS PROOF. WE DOUBT IF A DOZEN PROOFS OF THIS DATE EXIST. OF THESE FEW, HOW MANY CAN HAVE BEEN PRESERVED IN THIS REMARKABLE CONDITION? 625.	1860-D Virtually Uncirculated, only barest rubbing, PROOFLIKE luster. The last two to pass thru our hands was the specimen in our December sale at \$2500 and the very fine one in our June sale. SECOND IN RARITY ONLY TO THE 1861-D WHICH CATALOGS \$4,250.00. BUT HAS MUCH HIGHER RECORDS. We note the 1860-D has been advanced in the catalog \$1050.00 over last year's price, however the market is rapidly advancing. 745.	1860 "CLARK & CO." on head band of Liberty, reverse PIKES PEAK GOLD DENVER 2½D., nearly Uncirculated. One of the choicest specimens we have seen recently of this historical piece. Acquired last fall at \$350; should now bring closer to .....	450.00
------	---	--------

## \$2½ BECHTLER & CLARK GRUBER (Continued)

746. 1861 "PIKES PEAK" on head band, reverse CLARK GRUBER & CO., DENVER 2½D., extremely fine and sharp. Judging from its weight, it is probably the copper pattern which has been gold plated. Actually, the copper pattern is much rarer than the gold. Have seen a copper one sell at \$250 about a year ago; this one should now bring closer to 350.00

## \$3 GOLD

With so many going into type sets, it is no wonder that they are appearing upon the market less and less frequently. New records being set just about each time offered.

747. 1854 TYPE I, Tiny "dollars", BRILLIANT UNCIRCULATED. ONLY YEAR OF TYPE! Quite different to obtain in this condition. Comparable to the one in our February sale at \$300; should now bring over 350.00
748. 1854-O About very fine. 150.00

749. 1854-D Nearly Uncirculated. VERY RARE, both as a date and ONLY DAHLONEGA MINT \$3.00. The only current listing we could find was the defective "XF Solder Mark" one in the June 1 Coin World at \$1245. We had one in our February sale rather close to this nearly uncirculated specimen at \$2,000.00. What this RARITY will now bring must be determined by you, the bidder.

750. 1855 TYPE II, LARGE "DOLLARS", nearly Uncirculated. 200.00
751. 1856 Very good. Have seen similar at Milwaukee convention (May) sell at 125.00
752. 1857 Larger Date, nearly Uncirculated with luster. 225.00
753. 1858 Extremely fine with some PROOF surface still adhering (many proofs placed into circulation—low premium and small demand in early years). RARE. The one (similar condition) in the March New York auction valued at \$500 brought \$530 showing the strong demand for this rare date. With the strong demand becoming even stronger since then, we believe this rarity will now bring over 650.00
754. 1859 Reduced size date, a PROOFLIKE specimen with some rubbing in field. Perhaps a PROOF placed into circulation only long enough to acquire these slight evidence of handling. 400.00
755. 1860 Brilliant Uncirculated. SCARCE DATE IN RARE CONDITION. 350.00
756. 1868 Nearly Uncirculated with much luster. RARE SMALL ISSUE. 275.00

760. 1813 NEW "SQUARE" HEAD, Re-Engraved 5 in 5D., virtually Uncirculated, only barest rubbing. IN GREAT DEMAND FOR TYPE. 765. 1838-D MINT MARK OBVERSE, nearly Uncirculated. First year DAHLONEGA mint and ONLY DATE THIS TYPE FROM THIS MINT! We note an "AU" specimen advertised in June 1 Coin World at \$950.00. By the time this sale takes place, the market should have advanced to over ..... \$1000.00

766. 1839 SMALLER CORONET HEAD, Small Eagle, extremely fine and sharp with luster. In strong demand as first year of type. The one in our February sale (possibly a shade better in some respects) was \$100; the advance in market values since then should send this closer to .... 125.00

770. 1842-D Small date, eagle and letters as above, Mint Mark Reverse (as 1840 to date) very fine obverse, extremely fine reverse. We note a "VF" one advertised in April Numismatist at \$145; surely this better one now worth closer to ..... 175.00

### OFF-CENTER \$5 GOLD

829.	1901-S Acquired from the November 1960 Michigan State convention in Detroit and described as follows: "Struck 1/6th off center in Kolut 11 3/4 position. Practically Unc. A \$5.00 gold piece in only slightly offcenter position in the 1958 A.N.A. auction sale went for \$500.00. This one is worth twice to three times the amount. All gold in off center position is very rare. Have never seen a \$5.00 gold piece this far off center before and doubt if another exists." From a May, 1959 Federal Coin Exchange auction with above description. Realized \$975.00 there and then later resold to present owner at \$1250.00. "Should now fetch over \$1,500.00." Now, nearly two years later, we believe this GREAT RARITY should bring over	\$2000.00

## \$5 CALIFORNIA GOLD—PIONEER & PRIVATE ISSUES

830. 1849 N.G.&N. (Norris, Grieg & Norris) plain edge, **UNCIRCULATED**. The first California gold issued (except for the "impossible (unique)" 1849 Anonymous \$10 ingot). **IN GREAT DEMAND. VERY RARE SO CHOICE**. We note an "about unc." specimen was offered at the Milwaukee Central States convention in early May at \$1250; surely this superior specimen is worth over ..... **1500.0**
831. 1849 "MOFFAT & CO." on headband of Liberty, S.M.V. (Standard Mint Value) nearly Uncirculated, struck from the Rare Well-Engraved Dies (not to be confused with the "common" crudely engraved dies). **RARE**. The last such specimen we handled was last fall at \$350; with the sharp increased demand, we believe this rarity will now exceed .... **450.00**
832. 1850 Similar type but usual crudely engraved dies, a choice extremely fine specimen. Difficult to find as most come well worn. The last equivalent specimen we saw was last year at \$250; surely this one is now worth closer to ..... **300.00**

833. 1849 MASSACHUSETTS & CALIFORNIA CO., shield in center having cowboy throwing lasso, shield supported by bear and stag, very fine except weak in center with "Five D." not showing, struck in copper. **VERY RARE**. The gold specimen is "impossible" to obtain (even at \$10,000.00) to the best of our knowledge. We note copper patterns of some of the other Pioneer gold priced to over \$2,000.00. What this specimen will now bring, must be determined by you, the bidder.

833A. 1850 "BALDWIN & CO." on headband of Liberty, S.M.V. (Standard Mint Value) **CALIFORNIA GOLD**, virtually Uncirculated but has been cleaned. **VERY RARE**. One of the leading authorities stated that he "doubted if more than a dozen or so specimens were available to collectors." In checking back thru the years, what few specimens did come upon the market, were in good to very fine condition. **WE CANNOT RECALL SEEING AS NICE A SPECIMEN AS THIS!** What a combination, **RARITY AND CONDITION!** If this were in our stock, our asking price would not be less than \$2500.00 and might be ..... **\$3000.00**

833B. 1852 W. M. & CO. (Wass, Molitor & Co.) on headband of Large Liberty, **FIVE DOLLARS IN CALIFORNIA GOLD** (while other coins have "California Gold", this has "IN" also—most unusual) struck in yellow gold. About very fine condition (unevenly worn). Many times rarer than the \$10 of which three varieties are known. We have had fewer \$5 than the \$50 of this company! Undoubtedly, **ONE OF THE RARER PIONEER GOLD!** On a rarity plus supply and demand basis, we believe this coin is worth at least ..... **\$1500.00**

833C. 1849 OREGON EXCHANGE CO., Beaver with T.O. (Territory Oregon) below, about very fine (unevenly worn). VERY RARE. The last specimen to come upon the market was the "very fine" specimen in the March New York sale "valued upwards of \$1650.00". A year previous, a somewhat superior specimen sold at \$2150.00. Surely, with the increasing demand, this rarity should now bring closer to .....\$2000.00

## \$5 MORMON SALT LAKE CITY, UTAH GOLD

- 833D. 1849 G.S.L.C.P.G. (Great Salt Lake City Pure Gold) around clasped hands, To The Lord Holiness around bishop's hat with Eye of Providence below, UNCIRCULATED (with a glass, slight evidence of rubbing visible). VERY RARE SO CHOICE. Acquired a year ago at \$1000; should now bring over ..... 1250.00
- 833E. 1850 Bishop's hat changed to three-corner hat and 9 stars added, nearly Uncirculated. ONE OF THE CHOICEST SPECIMENS WE HAVE SEEN OF THIS RARITY. Judging from what inferior specimens have sold at, we believe this unusually choice specimen will bring over ..... 1000.00
- 833F. Duplicate in plastic holder, about very fine. RARE. .... 500.00

## \$5 CLARK GRUBER DENVER GOLD

- 833G. 1860 "CLARK & CO." on headband of Liberty, PIKES PEAK GOLD DENVER, UNCIRCULATED. VERY RARE SO CHOICE. .... 650.00
- 833H. 1861 "PIKES PEAK" on headband of Liberty, CLARK GRUBER & CO. DENVER, struck in copper. UNCIRCULATED. MUCH RARER THAN THE GOLD! While we did have the \$2½ in copper (sold it at \$295.00) in the outstanding collection we sold last year, the collection did not contain the \$5 in copper. We believe this piece should now (nearly a year later) bring closer to ..... 400.00

## \$10 GOLD

We note a marked rise in demand and values during the past year. A glance at the small coinage of many years reveals why we believe this series is still somewhat undervalued in keeping with its actual rarity.

834. 1795 SMALL EAGLE, virtually Uncirculated, only barest rubbing, some Prooflike surface. RARE AND CHOICE. In strong demand. Acquired from a leading Eastern dealer in February at \$2150; should now bring closer to .....\$3000.00

## \$10 GOLD (Continued)

835. 1796 SMALL EAGLE, stars increased from 15 (1795) to 16 (as in 50c) to indicate Tennessee became a state, a choice virtually Uncirculated specimen with some prooflike surface on reverse. Someone has tried to "improve" it by cleaning and it is now beginning to again acquire a natural orange yellow color. IN STRONG DEMAND. In checking records, we find far less of this date have been offered over the years than the 1795. A COIN DESTINED FOR RAPID RISE IN VALUE. Acquired last year at \$1250; we feel the present market (which undervalues this date) will send bids to over \$2,000.00. If this coin were to bring what its rarity and demand justify, it should bring closer to .....\$3000.00
836. 1799 LARGE EAGLE, 8X5 Stars, RARE SMALL STARS OBVERSE (most come type 1800 with large stars) BRILLIANT UNCIRCULATED GEM. VERY RARE. In strong demand for TYPE and date. Acquired at \$1250; surely this remarkable specimen should now bring at least ..... 1750.00
837. 1801 Large Obverse Stars, extremely fine obverse but GEM PROOF REVERSE. RARE. Acquired nearly a year ago as a "half proof" at \$850; should now bring about ..... 1250.00
838. 1838 NEW TYPE with Loop Hair Ear To Back of Head, nearly Uncirculated. VERY RARE TYPE ISSUED ONLY IN PART OF 1838 and PART OF 1839! Many times rarer than 1839. If rarity and demand determine value, then this coin (which appears on almost every want list of gold types and eagles) should bring well over....\$1500.00
839. 1839 TYPE 1840 with different bust and Small letters, extremely fine. ONE OF THE RAREST OF ALL THE \$10 GOLD. A leading authority states that "perhaps 10 specimens exist." WE CANNOT RECALL EVER CATALOGING A SPECIMEN IN ALL OUR PREVIOUS 243 SALES! Should bring well over .....\$1000.00
840. 1841 Tiny Date, acquired many years ago from B. Max Mehl as a PROOF and it does have many of the characteristics of a proof such as proof surface, "square" edge, raised edge, sharp strike, etc. Proofs in the 1840's were "made to order" for presentation by the Government and for Congressmen as well as the very few collectors of the time who had sufficient influence to have the mint accommodate them. Proofs of the period are not uniform in execution and appearance as those made for sale to collectors from 1858 to date. A beautiful and RARE coin which should now bring over ....\$1500.00

THIS SPECIMEN IS MOUNED IN PLASTIC WITH THE NOTATION "UNIQUE". SINCE THEN, WE NOTE ANOTHER SPECIMEN HAS BEEN OFFERED FOR SALE IN ABOUT SIMILAR CONDITION BY A LEADING EASTERN DEALER WITH NOTATION, "BY FAR THE RAREST COIN IN THE \$10 SERIES", PRICE \$2,500.00. IN TALKING WITH THIS DEALER, HE INFORMED US THAT HIS SPECIMEN HAS BEEN SOLD. HERE IS INDEED, A MOST UNUSUAL OPPORTUNITY TO ACQUIRE A TOP RARITY BEFORE IT REACHES THE \$10,000.00 CLASS ALONG WITH OTHER COMPARABLE RARITIES. PRESENT MARKET VALUES LEADS US TO BELIEVE THIS GREAT RARITY (DUE TO ITS FAIRLY RECENT DISCOVERY AND ONLY NOW BEING INCLUDED ON WANT LISTS OF THE LAST YEAR OR SO) WILL ONLY BRING AROUND \$3500.00. We believe a true "bargain" is the opportunity to acquire a rarity. What good is a theoretical price if the coin is not available, In an auction, you KNOW the coin is available until the day of the sale. Everyone has an equal opportunity to acquire it. ## \$10 CALIFORNIA GOLD—PIONEER & PRIVATE ISSUES

900. 1852 UNITED STATES OF AMERICA around eagle, AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA, an UN-CIRCULATED specimen. RARE VARIETY with "IUNITED" (similar in appearance to "IUNITED" 1801 1c). There was an extremely fine specimen in the outstanding pioneer gold collection (sold at \$575) we sold last year. Surely, this much superior specimen, in a rapidly rising market, should now bring close to ..... 1000.00

901. 1852 OVER 1, AUGUSTUS HUMBERT, about extremely fine. RARE. At least 15 to 20 times as rare as the normal dies variety! Acquired several years ago before this major variety was included in the catalog. Lettering on plastic holder "UNLISTED MAJOR VARIETY"\* (HAS NOW BEEN LISTED). Evidently, after its inclusion in the catalog, the ( ) statement was added. Cost \$1000.00 when acquired several years ago; surely worth more today. Missing in the large and important Pioneer gold collection we sold last year.

## \$10 CLARK GRUBER DENVER GOLD

905. 1861 PIKES PEAK on headband of Liberty, CLARK GRUBER & CO. DENVER, UNCIRCULATED. VERY RARE THUS. ## \$20 CLARK GRUBER DENVER GOLD

947. 1860 CLARK GRUBER & CO. around eagle, PIKES PEAK GOLD TWENTY D. around view of mountain with DENVER below, Uncirculated. Struck in copper. The last such specimen (gold plated) was \$975. 950. OCTAGON 1851 AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA around outer edge, UNITED STATES OF AMERICA FIFTY DOLLARS around inner circle with eagle and 887 THOUS. above, engine turned reverse, very fine with some portions actually being closer to extremely fine, "Augustus" faint as usual in this variety. 951. OCTAGON 1852 UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA around outer edge, UNITED STATES OF AMERICA FIFTY DOLLARS around inner circle with 900 THOUS. at top, obverse impression only, brass, Uncirculated. Acquired in 1958 at \$750; should now bring over ..... 1000.00

952. ROUND 1855 WASS, MOLITOR & CO. SAN FRANCISCO 900 THOUS. 50 DOLLARS, liberty head, a choice specimen of this VERY RARE coin showing only slight wear and a minimum amount of tiny nicks which plague most of the specimens we have seen. Remember, these were large and soft gold coins and circulated extensively. That any have survived (gold content sometimes exceed their face value resulting in nearly all being melter for profit) is indeed remarkable. This choice specimen cost \$5950.00. We note the present catalog has advanced the value for unc. to ..... \$8000.00

## INVESTOR LOT PROOF SETS

Laid away for investment and judging from the way they have risen in value, they surely have produced a nice return. From the strong increasing demand, it appears that these sets will again show a marked rise in values over the relatively near future. Just compare the mint figures of small quantities issued with the probable 4 or 5 million being issued this year—then draw your own conclusions. ALL IN ORIGINAL MINT BOXES (1952-55 OR MINT ENVELOPES (1956-61) AS ISSUED.

## LIBERTY WALKING HALVES

As a series, somewhat undervalued as a number seldom come upon the market. In addition, we have been receiving an increasing amount of want lists for this series, indicating an increasing demand and diminishing supply. We note a sharp increase in values in the new catalog for the Lincoln 1c, buffalo 5c, Mercury 10c, liberty standing 25c and peace \$1. Why the 50c have not reflected the increased interest in the series of this period with a rise in valuations, comparable to the 1c thru \$1, your guess is as good as ours. We believe this series is an excellent candidate for a sharp rise in values in the near future. The difficulty of assembling this series in choice condition is reflected by the following at the beginning of the series on page 138, "Uncirculated, well-struck specimens worth 25% to 50% above prices listed below."

## WASHINGTON QUARTER ROLLS

---

Laid away for investment, and judging from the rise in values, they appear to have been a rather good one at that. In checking the current rate of rise in values from last year to this year, this series appears to be in its infancy in regards to values and should continue their marked rise in values. The oldest of the current series, the design can be changed at any time (law says after 25 years—this design now used for 30 years) without any special act of congress.

## TWENTY CENT PIECES

A short and interesting series. Issued only in 1875 in sufficient quantity to test its need (1876 issue only a few thousand and 1877-78 issued only in proof for collectors). Discontinued since it caused too much confusion with the quarter. It is interesting to note that the original coinage law called for a "Double Dime" and not a quarter (25c is not a true decimal coin—cannot be divided in two). However, by the time the coins were actually issued in 1796, the "Double Dime" had been dropped in favor of the quarter or "Two Bit Piece" which circulated so extensively in the colonies.

ONLY 20 SAID TO HAVE BEEN ISSUED COMPARED TO 24 OF THE 1894-S WHICH LAST CAME UPON THE MARKET IN EARLY 1961 AND REALIZED \$13,500.00. The 1859 transitional has not changed hands recently enough for any record to be recorded in the cataolg. What this GREAT RARITY will bring, your guess is as good as ours. We note the 1866 Transitional quarter (which is rarer than the dime) also sold in early 1961 at \$24,500.00. Truly, a most unusual opportunity to acquire a TOP RARITY.**
